

I Doubt PHIL

Doubt is ma religion, I'm never sure
The seemly side of life, is unsecure
I doubt therefore I am
Personal convictions are in question
To be in the known, clearing the parts unknown
I doubt therefore I am

Challenge own certainties, make the truth fine
Checking realities, in between the lines,
I doubt therefore I am
Who takes the benefit, who's behind the words?
Who catches the profits?, I 'm still looking for
I doubt therefore I am

Who is pulling strings, who're calling the shots?
Who's behind the scenes, the hidden face of things?
I doubt therefore I am
Are you willing to, swallow bitter pills?
Swallow grass snakes too, that's fit the bills
I doubt therefore I am

Discriminate the Facts, from the fictions
Don't falling in the trap, of disinformation
I doubt therefore I am
Remaining vigilant requires efforts
The soup is well served, welcome aboard
We doubt therefore we are
We doubt therefore we are...

On se fait souvent avoir par des représentations tronquées de la réalité;
Une chanson inspirée des fameuses armes de destruction massive du Général
Powell; Qui tire les ficelles , à qui profite le crime ? Quels sont les intérêts
cachés ???? La Vigilance est de mise; Au risque de devenir un tantinet
suspicieux, ce qui n'est pas non plus une attitude sereine...
